

Exhibit 1

Planning & Design Loans

For Wastewater, Storm Water & Drinking Water Infrastructure

Planning & Design Loans

- Financial assistance for communities that are in the planning and design phase of a proposed water pollution control or drinking water project.
- **0% interest for up to 3 years**
- **NO** initiation fee
- **NO** servicing fee
- **NO** minimum loan amount
- **NO** maximum loan amount
- Eligible costs include the following: Engineering fees, archaeological surveys, environmental studies, and fees related to project plan preparation and submission.
- Loans will be rolled into a SRF construction loan **OR** may be repaid upon permanent financing.
- **The project planning and design costs must be directly related to the proposed wastewater, storm water or drinking water project.**

Water pollution control projects:

- Construction of treatment plants or improvements to existing facilities
- Sewer line extensions to existing unsewered properties
- Combined sewer overflow corrections
- Infiltration/inflow projects
- Storm water projects that have an environmental benefit

Drinking water projects:

- Construction of treatment plants or improvements to existing facilities
- Water line extensions to existing unserved properties or improve system hydraulics
- Water storage facilities, excluding raw water storage reservoirs
- Wells

Eligible Entities:

- Cities, towns, counties, regional sewer/water districts, conservancy districts and water authorities eligible for water pollution control and drinking water SRF loans.
- Private and not-for-profit facilities eligible for drinking water SRF loans.
